

The Look of **Timber**, with the  
Strength of **Aluminum**

**WOODLOOK**  
ANDMORE™

**STANDARD & ARCHITECTURAL FINISHES**

## Choosing Your Finish

Woodlook and More offers a wide range of Timber Finishes available in different colours and grains. Allowing you to choose the perfect finish for your next project.

Using our extensive range you can create a warm, natural and timeless look to your next project.

In conjunction with Powderline Coatings, Woodlook and More is now offering Wood Grain Timber Finishes to the WA market, with the advantage of local manufacture.

Woodlook and More is a natural timber look with the advantage of low maintenance and the high durability qualities of aluminum. It offers the natural beauty and warm textured feel of timber with a range of functional advantages.

For more information regarding Woodlook and More, give us a call on **(08) 9409 8567** or visit **[www.powderline.com.au](http://www.powderline.com.au)**

### Warranty

Through intense testing of the quality and durability of our wood grain finishes, Powderline can offer up to a 10 year residential and commercial warranty on all Timber Finishes that meet product standards.

### Advantages

Woodlook and More retains the natural timber look and feel, is low maintenance, with a stylish and inviting appearance.

Providing a range of functional advantages including:

- Low Maintenance
- No splits, cracks or drying out.
- Never need to paint, oil or stain.
- Impervious to termites
- Large range of Timber Finishes
- Stylish and Durable
- Suitable for Bush fire Locations
- Reduces Carbon Emissions

### Sustainable

Woodlook as opposed to timber reduces the amount of logging and therefore reduces the amount of carbon emissions.

Woodlook is also suitable for bush fire designated locations (BAL 40)

### Products

Woodlook and More can be used to give a natural timber look to a variety of products including:

- Window Frames
- Door Frames
- Fencing
- Garage Doors
- Panels
- Ceilings and many more
